ACKNOWLEDGEMENT

A satisfaction that accompanies the successful completion of any work would be incomplete without a mention of the people who made it possible, whose constant guidance and encouragement served as a beacon light and crowned our efforts with success.

We are immensely please to thank our guide and Head of the Department of MCA Dr. Shashidhar Kini K, Professor for his kind support towards the completion of this work.

We are also grateful to our Principal Dr. Srinivasa Mayya D for encouraging and allowing us to accomplish this course in this Institution.

We also thank our Management who helped me directly or indirectly to complete our work.

Thanks to all the faculty members, teaching and non-teaching staff of the MCA department for their constant help and support.

We would be failing in my duty if we did not thank our parents, our friends and believe in the success of this work and organization.

Dimpal,

Dhanush A
